Wider Curriculum - Week 11

PSHE

Our swimming pools are currently closed and we don't know when they will reopen. During the summer, you may go swimming in the sea, river or lake so we would like to remind you how to keep safe. Please read through the Water Safety powerpoint and then complete the quiz.

French

Please go through the powerpoint and complete the activity sheet of naming your body parts. There are 3 differentiated tasks, please complete the one that you feel comfortable with.

DT

Linking with our science topic of Healthy Eating, we would like you to make your own pizza. Choose 5 toppings and write them on the activity sheet. Don't forget to estimate how much you will need. Send a picture of you making your pizza and the finished product to your class teacher.

Music

Music can be used to represent different colours. Please read and listen to different songs then create your own rainbow song.

Geography

Please see the History/Geography page to find Mr Boll's latest lesson.
