

Comparing fractions - Lesson 1 – Blue task

1) Compare the fractions and fill in the blanks. Shade the bars to help you.

$\frac{1}{3}$ is greater than $\frac{1}{5}$

$\frac{1}{5}$ is greater than $\frac{1}{6}$

$\frac{1}{11}$ is smaller than $\frac{1}{3}$

2) Here are some bar models:

$\frac{1}{2}$

$\frac{1}{3}$

$\frac{1}{4}$

$\frac{1}{5}$

a) Shade the bar models to represent the fractions.

b) Write the $<$ or $>$ to compare the fractions. Use the bar models to help you.

$\frac{1}{2}$ $>$ $\frac{1}{3}$

$\frac{1}{4}$ $<$ $\frac{1}{3}$

$\frac{1}{5}$ \leq $\frac{1}{3}$

$\frac{1}{3}$ $<$ $\frac{1}{2}$

$\frac{1}{4}$ \geq $\frac{1}{5}$

$\frac{1}{5}$ \bigcirc $\frac{1}{2}$

3) Use <, > or = to compare the fractions.

$$\frac{1}{10} \text{ } \textcircled{<} \text{ } \frac{1}{4}$$

$$\frac{1}{3} \text{ } \textcircled{>} \text{ } \frac{1}{6}$$

$$\frac{1}{5} \text{ } \textcircled{<} \text{ } \frac{1}{4}$$
